- U.S. Open Recap

The **2004 U.S. Open** was won by **Retief Goosen**. Goosen was one of only two players under par for the Championship. **Shinnecock Hills Golf Club** proved once again to be one of the best venues for major championship golf. Phil Mickelson made a great run as the only other player under par but came up short in his bid for the Grand Slam. Goosen putted marvelously on the tricky lightning fast greens that were very dried out by the final round. This is Goosen's second major with his first coming in 2001 with another U.S. Open win at Southern Hills.

- Burrows M.A.C. TourBounce Wedges

Burrows Golf introduced the M.A.C. Composite TourBounce Wedge Series. The wedges features Burrow's patented Powersphere technology that redirects the energy wave created by ball impact. This feature in combination with a layered composite of stainless steel, and two different copper alloys results in an increased launch angle with less backspin producing more controllable shots from a variety of lies. The wedges are available in lofts of 52, 53, 56, and 60 degrees. Manufacturer's suggested retail price is \$125 each.

- Nike CPR Wedges

Nike Golf presents the CPR wedges. CPR stands for Clubs for Prevention of Recovery. The cavity back wedges are geared for game improvement and feature a two-level sole design offers shot-making options and excellent performance, whether you're playing from the sand, the rough or the fairway. The wedges are available in lofts of 52, 56, and 60 degree. The wedges are available in steel shafts with a suggested retail price of \$109 each.
