**Dunlop Golf Joins Equip2Golf's Manufacturer's Corner**

**MADISON, AL. – Apr. 13, 2004 – Equip2Golf, Inc.** is pleased to announce the addition of Dunlop Golf to its Manufacturer's Corner. The Manufacturer's Corner features special offers and giveaways from selected companies. As part of Dunlop's initial participation, they are offering a FREE Dunlop Loco Pro driver each day through the end of April. The new Loco Pro driver features a forged 450cc head that is 100% Beta Titanium, for ultimate distance and pinpoint accuracy. A proprietary Harrison XL graphite shaft comes standard, producing greater swing speed and a softer feel at impact. Topped off with a Winn's new V17 Arrow grip optimizes shock absorption and enhances slip resistance. The driver is currently available with a Suggested Retail Price of \$149 each. Additional Dunlop promotions will follow. Space within the Manufacturer's Corner is currently available for a limited number of companies to participate in this interactive promotional opportunity. Founded in 1998 by engineer Gary Mayes, Equip2Golf, Inc. is a golf equipment multi-media and testing company that, in addition to producing Equip2Golf.com, offers independent proprietary golf equipment testing services and golf equipment content for radio broadcasts, newspaper, and international golf websites.
